email address		

A copy of the User's ID document to be copied into this document, which will then be signed by the User. The documents are then sent to the Bank, at the address above.

The security solution for any new User will be sent to the User when the Bank received the document in return.

Bank's use of personal data

The bank will use the personal data provided in this document. Address details may be updated regularly via the central government register of addresses (Statliga Personadressregistret, SPAR). The body responsible for use of personal data (the "personuppgiftsansvarig") is Danske Bank A/S, Denmark, Sverige Filial (Sweden Branch).

The purpose of the Bank's use of personal data is to ascertain the User's authorisation during use of Business Online. Data is also used to enable the Bank to meet its obligations under the law.

Personal data is also used within the scope of market and customer analysis serving as a basis for marketing, process and business development and risk management.

Personal data may - unless the customer has requested a stop on all direct mail - be used to address direct mail and offers of various types to the User.

Personal data may - within the scope of current regulations on banking confidentiality - be used by companies in the group and by companies with which the group collaborates to perform its services.

Users who wish to obtain information on what personal data about himself or herself are used by the bank or companies within the group, may request such information from the Bank by calling Telephone (Int.+46)-752 48 00 00. Users who wish to have erroneous or misleading information corrected may also contact the Bank.
